## Meeting Minutes

Item	Information
Apologies	above
Minutes of last Meeting	Approved
Financial and Membership Update	Current balance - £14,627.28 8 members paid 3 new members still to pay 4 other members still to pay Chases going out this week Approx £7,000 outstanding
Liaison Officer Update	Amberhill – seen it ‘wither’ however Home Office now doing discovery to establish if it is still a strategic fit – conclusion there is a strategic fit for a renewed service – unclear who will own in future – currently Met Police Gary Miles had been scheduled to appear at last meeting – he was involved in major cyber crime operation CIFAS undertaking a research project to look at use of AI to generate ID documents to be used for fraud
Trust Framework <ul style="list-style-type: none"> <li>Share code certificates and passports within GPG45</li> <li>Government wallet</li> <li>GDPR</li> <li>Any other framework updates</li> </ul>	Share code certificates and passports not treated the same in GPG45 BRP cards being retired – eVisa from end of year – DC states share code certificate should have same weight of evidence as passport KH advises not all share code certificates hold image of the holder – meaning likeness comparison cannot be done DC suggests collating a set of questions to submit to Home Office Gov Wallet Civil service looking at creating a government wallet – may disrupt market GDPR See below DSIT are planning to issue revised version of the framework – no details on how this will impact certified IDSPs based on when they are certified – recognised as an issue
Bird and Bird Solicitors	Post on LinkedIn ref trust framework and GDPR from B&B Differing approach to GDPR from members DC feels it would be of benefit to engage with legal profession B&B to present at a future meeting Suggests setting up a legal workstream group
	Looking to proactively pick of items that are of importance to members Evolved over 6 years, initially very much focused on document checking – new members more focus on digital identity How do we best evolve? Where do our members want us to be operating and what standards do we adopt to provide greatest value to members? Looking to run blogs on member section of website As ADVP talking about standard Are we more interested in verifying credentials of which identity is just one? Wider validation of any credentials?  Are we saluting the flag of data portability? Comm discusses how this would adhere to GDPR – who is data controller/processor

<b>Presentation – Of dIA/Trust Framework – Graham Francis DSIT</b> <ul style="list-style-type: none"><li>• Questions</li></ul>	Graham Francis, John Peart – DSIT Presentation – Enabling Digital Identity Adoption John Peart confirms there are only three schemes against which an IDSP can be certified - RTW, RTR, DBS
<b>Future meetings format</b>	Looking at 11:00 on third Thursday of each month
<b>AOB</b>	

Next meeting 18<sup>th</sup> June 2024 @ 11:00
